

“Mutual commitment helps overcome the fear of failure – especially when people are part of a team sharing and achieving goals. It also sets the stage for open dialogue and honest conversation.”

— Mike Krzyzewski

Dear Parents, Teachers and Students,

It is a joy for me to welcome you to St. Aloysius Senior Secondary School, Polipathar’s Website. This online interface helps to create awareness and showcase our day-to-day activities. It helps to establish a connection between the school and parents by letting the parents know who we are and what we represent. Apart from providing reliable information to the visitors, this website helps all to understand how our school is committed to work sincerely to stand up to it’s motto ‘Virtus in Arduo’ i.e. ‘Excellence through Hardship’.

The collaboration between home and school is a must for a whole child to be raised. We are blessed to have an incredible, energetic team of teachers who make a positive difference in students’ achievement. This is evident from the information available on our website. On the other side of this interface, we are assured that our parents, alert and efficient, create an atmosphere where the student loves to learn and grow.

Having a strong online presence, particularly a website, helps us to make a great first impression and give you comfort that you’re in safe hands. I hope that the School Website would be of immense help to you as you get a glance of the activities of the school. Let us all come together to create a safe and supportive learning environment.

Best wishes to all. God bless you.

Mrs. Soma George

Principal
